

NORWAY, HEMSEDAL

Vøllokula

RATING/DIFFICULTY:

- » E III WI 5, 90 m, 2 pitches

LOCATION/ACCESS:

- » Leave Road 52 at Tuv in direction of Grøndalen. After about 2 km you reach the lake area of Fagersetvatn on the left side. The distinctive yellowish icefall across the lake can easily be seen from here. Park your car east of the bridge to Slette. Walk over the bridge and follow the dirt road, and leave it for a steep approach to the icefall, 1 hour.

GPS-COORDINATES:

- » N 60° 90' 43.4", E 8° 41' 74.3"

NOTE:

- » The icefall is very steep in the beginning, and easier higher up. It has sun until early afternoon and offers an excellent view. Rappel down from a tree.

FIRST ASCENT

- » Bjørn Basberg and Rob Taylor in 1977.

ASCENT:

- » Micha Rinn, Gunter Dönges and Achim Schneider on February 19th, 2011.
